

Advocacy Strategies Analysis using Chi-squared test

This is an R Markdown (<http://rmarkdown.rstudio.com>) Notebook. When you execute code within the notebook, the results appear beneath the code.

Try executing this chunk by clicking the *Run* button within the chunk or by placing your cursor inside it and pressing *Ctrl+Shift+Enter*.

Do different types of legitimacy indicate a difference in strategy frequency?

Results are in table III at the end

```
## Loading required package: reshape2

Test for differences in strategies using marginal sum of strategies used (first column of table IV)

```
##
## Pearson's Chi-squared test
##
## data: temp
## X-squared = 9.9229, df = 2, p-value = 0.007003
```

```
## Therefore legitimacy varies with the strategies chosen at a significant level
```

```
## Test for local legitimacy
```

```
##
## Pearson's Chi-squared test
##
## data: temp
## X-squared = 9.5753, df = 1, p-value = 0.001972
```

```
## Therefore local legitimacy varies with the strategies chosen at a significant level
```

```
## Test for donor legitimacy
```

```
##
## Pearson's Chi-squared test
##
## data: temp
## X-squared = 0.13875, df = 1, p-value = 0.7095
```

```
## Therefore donor legitimacy does NOT vary with the strategies chosen at a significant level. Donor legitimacy and strategy use are marginally independent.
```

Test for differences in type of strategies given legitimacy

```
##  
## Pearson's Chi-squared test  
##  
## data: temp  
## X-squared = 24.183, df = 6, p-value = 0.0004834  
##  
## **Therefore variables Use Type are NOT jointly independent of Quadrant (p= 0.0004833786 ).**
```

```
##  
## Pearson's Chi-squared test  
##  
## data: temp  
## X-squared = 10.587, df = 3, p-value = 0.01418  
##  
## **Therefore variables Use Type are NOT jointly independent of Local (p= 0.01418243 ).**
```

```
##  
## Pearson's Chi-squared test  
##  
## data: temp  
## X-squared = 13.715, df = 3, p-value = 0.00332  
##  
## **Therefore variables Use Type are NOT jointly independent of Donor (p= 0.00331977 ).**
```
